March 2, 1934 – September 10, 2019

Dear Village at Valley View staff,

I can't help but reflect on Patty's life since her passing last week. During the past two years at Village at Valley View, Patty received more consistent attention, kindness, and love than at any other time in her adult life.

I am grateful to all of you for filling her days with comfort and joy and friendship along with the feeling of security that you have created in the "village". Your commitment to your work has been invaluable to Patty and me.

Thank you for making Patty feel special.

With kindest regards,

Sarah
